# Baptism 101

- Baptism, in most cases, begins when you are really little.
- You don't know much about it until you are older, but when you get Baptized the Pastor rubs Holy Water on your forehead in the sign of the cross, to tell the world you are truly Holy.
- Baptism today is a big deal for the young and the old.
- People redeem their Faith by getting Baptized for a second time.

# Baptism in the Bible

- In the Bible, Baptism is first introduced in Matthew 3:2-12 when John the Baptist began his ministry as the forerunner of Jesus Christ. John preached a simple message to the Jews that they were to repent of their sins in preparation for the coming of the Kingdom, which meant the appearance of the Messiah.
- Matthew 3:13-17 records that Jesus came down to the Jordan River and was baptized by John.

# Baptism in the World

- In the world there are many different religions, when you look around you see many people that in a way look alike.
- What you don't see is what's underneath their skin, their religion.
- When Christians get Baptized, to them it symbolizes a straight connection to God.

# Baptism in the Community

- When you think about baptism and how it resembles you and your family, you may not think about all the other people in your community that are just like you.
- The church community is another great way to find people that believe just as you do.
- The Lutheran community is a great example because we all know each other.
